Subject: NERL Additional Info needed for FY2018 Resource Requests

Thank you for your proposals for additional FY2018 Resources.

Some of the proposals require more information. Due to the volume of proposals we received, we have numbered each proposal. *Please do not remove or change the number that has been added to a proposal.* All of your submitted proposals are attached, along with a spreadsheet that identifies all of your proposals by number and which ones require additional data to be added.

Please make the requested changes directly in the word document of each proposal in such a way that the changes can be easily identified (in track changes, highlighted, etc).

Once you have made the changes, please return **ONLY** changed documents to us. If there are no changes made in a document, please do not send it again.

Please update and return your submission to all those on this email as soon as possible, and no later than COB on Monday, May 14.

If you have any questions, or we can provide any assistance, please do not hesitate to reach out to me or any of the OPARM folks CCed on this email.

Thank you,

Deborah Heckman
